Request for Contractual Negotiations -  
Manufacturing Corporation

25X1

Ref : Memorandum to the Chief, Engineering Division, OC, from the  
Chief, Contract Negotiation and Specification, OL/PD/CB,  
dated 6 June 1955 - Subject: RS-11A/B Power Systems

1. The referenced memorandum forwarded a proposal by the [redacted]  
[redacted] for the development of a diversified  
power system for the RS-11 series of equipment.

25X1

25X1

2. The proposal for the development and prototype fabrication of  
the RS-11A/B power system has been reviewed by this office and is con-  
sidered technically suitable. The costs appear fair and reasonable for  
the work to be performed. The contractor's proposal, attached, itemizes  
the deliverable items and Annex No. 1 to the contractor's proposal,  
attached, constitutes a clarification of the contractor's proposal and  
should be formalized into the contract. Of the deliverable items, we  
desire to procure only Item I, A and B, and Items II, III, and IV.  
Item I, C, should be deleted.

3. It is requested that a contract be negotiated with the [redacted]  
[redacted] in accordance  
with the company's quotation and proposal dated 26 May 1955 as amended by  
Annex 1 except for the deletion of Item I, C. Attached for this purpose  
is requisition MSB 55-493 indicating the availability of \$23,265 from  
Allotment No. S-7995-50-07. The association of the Agency with the  
contract is classified SECRET. The deliverable items shall be unclassified.

**1. Hand-Cranked Generator**

**Page 3 - delete that part which reads:**

"this equipment may not require much more volume than the RS-11A/B equipment and be packed in a similar case."

**- substitute:**

"the cubic volume of the equipment shall not exceed that of the combined volume of the transmitter and receiver (only) or approximately 39 cubic inches. A carrying case will be provided similar to that of the RS-11A/B equipment."
